

## Very Progressive

| Issue                                    | Anthony Driver   | Thomas Fisher   |
|--|--|---|
| Platform                                 | Fight Donald Trump and the extreme MAGA Agenda, stand up to Trump's illegal ICE raids, stop Trump's tariffs, defend our democracy from Trump's attacks   | bring urgency, clarity, and compassion to our broken politics; universal healthcare, affordable housing, and bold action on gun violence  |
| Healthcare                               | Medicare for all, Cap prescription drug costs, hold corporations accountable, invest in mental health for underserved communities; invest in black maternal health; expand Medicare to cover long-term care including community based services   | Medicare for all or other universal healthcare; invest in "21st century" treatments   |
| Housing                                  | Expand federal funding for affordable housing, protect tenants from unjust evictions and rent gouging, invest in public housing  | Invest in aging buildings; protect tenants from unsafe conditions and predatory practices; end exclusionary zoning; require every community to help solve the housing shortage; transform vacant lots and underused public land into mixed income affordable homes; expand federal rental assistance and eviction protections |
| Immigration                              | Establish pathway to citizenship; end family separation; hold ICE/CPB accountable, increase federal oversight of immigration agencies and decrease their budget  | Path way for citizenship for DREAMers; comprehensive immigration reform; fix asylum and refugee process; strengthen border  |
| Food                                     |  | make more affordable  |
| Taxes                                    | Expand the child tax credit and earned income tax credit;  |   |
| Business                                 | Lower costs of food, utilities, and transportation; hold corporations accountable for price gouging; protect right to organize (for unions); increase minimum wage; expand labor protections for gig workers   | Raise wages and strengthen unions so workers reap the rewards of their labor; Lower the cost of living by making groceries, housing, utilities, and prescriptions affordable;   |
| Environment / Climate                    | Hold polluters accountable; invest in clean energy and clean infrastructure; fund vocational training programs; prioritize climate funding for front line communities  | Transition to 100% clean renewable energy; Green New Deal; support environmental justice by focusing investments on historically overburdened neighborhoods; hold polluters accountable; promote energy efficiency and green updates to affordable housing  |
| Politics                                 | Pass John Lewis voting rights act; expand early voting; end partisan gerrymandering  | Lower the cost of living by making groceries, housing, utilities, and prescriptions affordable.   |
| Education                                | Support tuition free community college, student debt relief, and increased funding of HBCUs and other minority serving institutions increase federal funding for K to 12 schools in underserved areas; expand apprenticeship and workforce training  | Fund Public education fairly; reduce dependence on property taxes with federal dollars; invest in community colleges and public universities; provide student debt forgiveness  |
| Public Safety                            | Community based violence intervention; Pass universal background checks, support red flag legislation, ban high capacity magazines; invest in trauma recovery; strengthen federal oversight of police departments, prohibit discriminatory policing practices; end mandatory minimum sentences; invest in diversion programs, expand expungement and reentry services, reform cash bail at the federal level | Universal background checks, robust red flag laws, federal assault weapons ban; community based interventions; hold gun manufacturers and distributors accountable; support survivors but prioritizing healing, justice, and mental health  |
| Reproductive Rights and gender tolerance | codify Roe v Wade; Protect access to abortion, contraception, and fertility care; defend medical privacy   |   |
| Childcare                                | Cap cost at 7% (of parental wages?) Expand universal pre-k   |   |
| Foreign Policy Priorities                | Prioritize diplomacy and humanitarian aid over military escalation; Demand accountability and transparency in Pentagon spending; Support policies rooted in human rights, international cooperation, and the self determination of all people  |   |
| AIPAC and other fundraising limitations  |  |   |
| Other                                    | Protect and expend social security; expand federal youth employment funding; afterschool and summer programs   |   |
